

APPLICATIONS BY BORD NA MÓNA TO KCC WITHIN THE BLUE LINE BOUNDARY (BORD NA MÓNA LANDHOLDING)

Reg. Ref.:	04222
Description:	an engineered landfill site (footprint 21.2 hectares (ha) to accept up to 120,000 tonnes per annum of non-hazardous residual municipal waste for disposal, a composting facility with a capacity of 25,000 tonnes per annum for a lifespan of 20 years etc
Decision:	Incomplete Application
Decision Date:	02/2004

Reg. Ref.:	04371
Description:	Construction of Drehid Waste Management Facility consisting of an engineered landfill site for an operational lifespan of 20 years
Decision:	Granted
Decision Date:	13/05/2004

Reg. Ref.:	101172
Description:	Extension of duration of construction of Drehid Waste Management Facility consisting of a engineered landfill site for an operational lifespan of 20 years
Decision:	Granted
Decision Date:	25/02/2011

Reg. Ref.:	11537
Description:	Development of a landfill gas utilisation plant which will be phased and will generate up to 4.99MW of electricity for input into the national grid. The proposed development will consist of: i) 4 separate purpose built and environmentally controlled containers (each circa 2.5 x 12.2m x 2.6m high) enclosing a landfill gas engine generating approximately 1.4MW of power each, with line combined 12.0m high stack; ii) 4 separate purpose built environmentally controlled containers (each 3.0m x 3.0m x 3.0m high) enclosing a transformer; iii) ESB Substation (ca. 6.0m x 9.7m x 4.5m high); iv) 2 no. bunded oil tanks (each 5m ³ capacity); and v) Ancillary concrete foundation slabs; earthworks and site grading; palisade fencing (2.4m high ca. 220m long); double gates; ducting and services; above ground piping and all associated works. The proposed development relates to an activity covered by Waste Licence No. W0201-03 issued by the EPA.
Decision:	Granted
Decision Date:	14/09/2011

Reg. Ref.:	11902
Description:	An extension (with a gross floor space of approximately 383 square meters) to the previously permitted composting facility (which is currently under construction). The proposed extension comprises the construction of a steel portal frame structure, the construction of reinforced concrete walls and the erection of cladding to match the existing composting facility. The ridge height of the proposed extension is approximately 10.26m above its finished floor level. Ancillary works required to integrate the proposed extension into the existing composting facility will include the construction of an external hard standing area, the construction of surface water drainage and wastewater drainage within an overall application area of 0.183 hectares No increase to the previously permitted waste acceptance of 25,000 tonnes per annum at the composting facility is proposed, rather, an extension, an extension to provide additional floor space. The proposed development relates to an activity covered by existing Waste Licence No. W0201-03 issued by the Environmental Protection Agency. The proposed development will not require a review of the existing Waste Licence.
Decision:	Granted
Decision Date:	07/12/2011

APPLICATION DIRECTLY TO AN BORD PLEANÁLA

Reg. Ref.:	PL.09. PA0004
Description:	Proposed extension and intensification of the Drehid Waste Management Facility
Decision:	Granted
Decision Date:	31/10/08

APPLICATIONS TO THE WEST OF THE BORD NA MÓNA LANDHOLDING (KILKEASKIN)

Reg. Ref.:	051230
Applicant:	Yvonne Kavanagh.
Description:	Two storey house, garage for domestic use and Septech 2000 effluent treatment plant.
Decision:	Granted
Decision Date:	05/09/2005

Reg. Ref.:	101114
Applicant:	Des and Betty Mulvey
Description:	for a development which consists of erection of a two storey house, garage for domestic use, installation of Septech 2000 effluent treatment system and all associated site works.
Decision:	Granted
Decision Date:	01/09/2011

Reg. Ref.	061982
Applicant:	June Wakley
Description:	Proposed bungalow, recessed entrance and proprietary waste water treatment system
Decision:	Granted
Decision Date:	17/04/2007

Reg. Ref.:	10988
Applicant:	Darren Crowe & Denise O'Flaherty
Description:	for a development which consists of erection of a dormer bungalow, garage for domestic use, installation of Septech 2000 effluent treatment system and all associated site-works
Decision:	Granted
Decision Date:	01/03/2007

Reg. Ref.	111122:
Applicant:	Paul Cully
Description:	construction of a two storey dwelling, septic tank and percolation area, single storey domestic garage, recessed entrance and all associated site works
Decision:	Further Information
Decision Date:	20/01/2012

Reg. Ref.:	072040
Applicant:	Paschal Corcoran
Description:	erection of 17no. dog boarding kennels and dog exercise area and change of use of existing garden shed to dog food prep,kitchen, and reception area with 2 no. dog in/out holding units plus underground concrete dog kennel wash down wastewater tank etc
Decision:	Granted
Decision Date:	04/12/2007

Reg. Ref.:	071892
Applicant:	Paschal Corcoran
Description:	Permission to erect 17no. dog boarding kennels and a exercise area and change of use of existing garden shed to dog food prep, kitchen etc, plus underground concrete dog kennel wash down waste water holding tank.
Decision:	Invalid Application
Decision Date:	02/08/2007

Reg. Ref.:	06568
Applicant:	John Daniels
Description:	Single storey extension to side elevation to existing bungalow, garage for domestic use and associated site works
Decision:	Granted
Decision Date:	27/06/2006

Reg. Ref.:	0834
Applicant:	John Daniels
Description:	alterations to extension to bungalow granted under file ref. 06/568 and retention of further single storey extension to rear of bungalow
Decision:	Granted
Decision Date:	07/03/2008

APPLICATIONS TO THE WEST OF THE BORD NA MÓNA LANDHOLDING (DRUMMOND)

Reg. Ref.:	07581
Applicant:	Carbury Compost Ltd.
Description:	to construct fuelling station consisting of 2 no over ground diesel tanks, a reinforced concrete bund wall with steel canopy structure over and 2 no fuel pumps together with associated site works
Decision:	Granted
Decision Date:	13/09/2007

Reg. Ref.:	06912
Applicant:	Carbury Compost Ltd
Description:	demolish part of their existing facility for the indoor production of phase 1, 2 & 3 mushroom substrate, currently being produced outdoors on the site , as detailed hereunder: A) Demolish only those existing growing tunnels required to make way etc
Decision:	Granted
Decision Date:	05/12/2006

APPLICATIONS TO THE NORTHWEST OF THE BORD NA MÓNA LANDHOLDING (LOUGHNACUSH / PARSONSTOWN)

Reg. Ref.:	051481
Applicant:	Brendan & Deirdre Howley
Description:	development consisting of the construction of a four bedroom dormer style dwelling also a single storey garage/work-shop to rear of dwelling, waste water treatment system and recessed entrance, along with all associated site works.
Decision:	Withdrawn
Decision Date:	19/08/2005

Reg. Ref.:	042393
Applicant:	Patrick & Sharon Ennis
Description:	dormer bungalow, garage, septech 2000 effluent treatment plant and percolation area
Decision:	Withdrawn
Decision Date:	25/11/2004

Reg. Ref.:	081094
Applicant:	Joanne McLoughlin
Description:	a dormer type house, garage/fuel store for domestic use and installation of a Septech 2000 effluent treatment system
Decision:	Granted
Decision Date :	08/12/2008

Reg. Ref.:	061405
Applicant:	Pamela Carty
Description:	Dormer Bungalow,garage for domestic use and Septech 2000 effluent treatment plant.
Decision:	Granted
Decision Date:	30/11/2006

Reg. Ref.:	061404
Applicant:	Michelle Carty
Description:	Dormer Bungalow, garage for domestic use and Septech 2000 Effluent treatment plant.
Decision:	Granted
Decision Date:	28/11/2006

Reg. Ref.:	10600
Applicant:	Barbara Hurst & Brendan Hogan
Description:	Extension of permission for proposed bungalow, new recessed entrance and proprietary waste water treatment system
Decision:	Granted
Decision Date:	05/08/2010

Reg. Ref.:	051759
Applicant:	Barbara Hurst & Brendan Hogan
Description:	proposed bungalow, new recessed entrance and proprietary waste water treatment system
Decision:	Granted
Decision Date:	19/10/2005

Reg. Ref.:	042423
Applicant:	Sarah Fitzsimons
Description:	a bungalow dwelling, to install a Septech 2000 sewage treatment system and percolation area and provide a site entrance
Decision:	Invalid Application

Decision Date:	07/10/2004
----------------	------------

Reg. Ref.:	042771
Applicant:	Sarah Fitzsimons
Description:	a bungalow dwelling, to install a Septech 2000 sewerage treatment system and percolation area and to provide a site entrance.
Decision:	Granted
Decision Date:	18/05/2005

Reg. Ref.:	032713
Applicant:	Ciaran Hurst
Description:	dormer bungalow and Septech 2000 effluent treatment plant
Decision:	Granted
Decision Date:	13/01/2005

Reg. Ref.:	05610
Applicant:	Brendan Hogan & Barbra Hurst
Description:	dormer bungalow and Septech 2000 effluent treatment plant
Decision:	Withdrawn
Decision Date:	18/05/2005

Reg. Ref.:	052193
Applicant:	Andrew Connolly
Description:	dormer dwelling, to install a Septech 2000 sewerage treatment system and percolation area and provide a site entrance
Decision:	Refused
Decision Date:	07/11/2005

Reg. Ref.:	041735
Applicant:	Derek Carberry
Description:	proposed bungalow, new recessed entrance and proprietary waste water treatment system
Decision:	Granted
Decision Date:	21/10/2004

Reg. Ref.:	08373
Applicant:	Sharon Carberry
Description:	bungalow, garage for domestic use & the installation of Septech 2000 effluent treatment system
Decision:	Refused

Decision Date:	28/04/2008
----------------	------------

Reg. Ref.:	061447
Applicant:	Sharon Carberry
Description:	Bungalow, garage for domestic use and Septech 2000 effluent treatment plant
Decision:	Granted
Decision Date:	26/04/2007

Reg. Ref.:	05907
Applicant:	Lisa Mangan
Description:	a three bedroom bungalow, garage and Envirocare waste water treatment unit and percolation area.
Decision:	Granted
Decision Date:	23/09/2005

Reg. Ref.:	042415
Applicant:	Lisa Mangan
Description:	bungalow, garage, and Envirocare waste water treatment unit and percolation area
Decision:	Refused
Decision Date:	14/02/2005

Reg. Ref.:	042012
Applicant:	Tommy Hally
Description:	(a) revised elevations, (b) omission of gym to first floor, (c) ground floor extension to sports hall, (d) relocation of toilets, (e) extension to lounge area
Decision:	Granted
Decision Date:	18/11/2004

APPLICATIONS TO THE NORTHEAST OF THE BORD NA MÓNA LANDHOLDING (TIMAHOE WEST)

Reg. Ref.:	061352
Applicant:	James Waldron
Description:	Construction of 2 no. two storey houses and installation of Envirocare effluent treatment systems and associated site works
Decision:	Refused
Decision Date:	26/04/2007

Reg. Ref.:	051278
Applicant:	James & John Waldron
Description:	Retain existing entrance, access road, American Barn containing 14 stables, hayshed, horse walker and lunging ring all on site etc.
Decision:	Granted
Decision Date:	08/03/2006

Reg. Ref.:	071367
Applicant:	James Waldron
Description:	two storey house, effluent treatment system, percolation area and associated site works
Decision:	Granted
Decision Date:	12/09/2007

Reg. Ref.:	08433
Applicant:	John Waldron
Description:	two storey house, effluent treatment system, percolation area and all associated site works
Decision:	Granted
Decision Date:	15/08/2008

Reg. Ref.:	05859
Applicant:	James & John Waldron
Description:	1) 2no. two storey dwellings, install effluent treatment system and associated site works. 2) Retain existing entrance, American barn containing 14 stables, hayshed, horse walker and lunging ring all on site.
Decision:	Invalid Application
Decision Date:	22/04/2005

Reg. Ref.:	06875
Applicant:	Jenny Gogarty
Description:	Retention of 5 no. stables and permission for associated drainage arrangement
Decision:	Invalid Application
Decision Date:	05/05/2006

Reg. Ref.:	11482
Applicant:	Hazelbrook Equestrian Centre
Description:	to construct an Equestrian Centre and training school. The proposed development will consist of an indoor horse arena with a second floor viewing area , ten number indoor stables, a storage room , a tack room and public toilets. Permission is also sought to construct a roofed horse walker, an open dungstead collection area piped to an underground effluent tank. Permission is also sought to install a new waste water treatment system and percolation area and to decommission the existing septic tank on site .
